DISPLACEMENT

Dashboard

October 2015, Issue No. 21, Page 1

This publication aims to provide an overview of the protection environment of displacement incidents in Mindanao for each month. Displacement incidents were collected with the support of Protection Cluster members in Mindanao.

GPH/MILF PEACE PROCESS UPDATE

Deliberation on the approval of a Basic Law for the Bangsamoro continues. Various groups continue to hope for the passage of the law however time is running out for the current administration to complete a peace agreement. With both chambers of congress running for election, and addressing budgetary issues, this has hindered obtaining a quorum. The government peace panel still hopes to pass the bill. The MILF has expressed its hope that the remaining period of amendments to the bill will restore the essential provisions of the original bill that were omitted in the substitute bills.

In October, the MILF together with one of the factions of the Moro National Liberation Front signed a unified declaration that called for the approval of the original BBL and rejection of any BBL that is not a prototype of the original BBL.

SURIGAO DEL SUR DISPLACEMENT OF INDIGENOUS PEOPLE

The number of displaced indigenous peoples belonging to Manobo tribe in Surigao del Sur province continued to increase in October. On 2 October, another 173 families (estimated 954 persons) were displaced from three sub-villages of Barangay Mahaba of Maringatag municipality and 28 families (estimated 106 persons) from Barangay Janipaan of San Agustin municipality. The IDPs expressed they fled due to fear of the presence of the Armed Forces of the Philippines (AFP) and Magahat paramilitary forces led by a person who is allegedly involved in series of attacks on IPs and the killing of a teacher and IP leaders. According to the IP/IDPs, they were interrogated by members of the Magahat force about their affiliations with the New People’s Army (NPA). As of this report, around 3,000 indigenous people remain displaced in the municipal gymnasium receiving humanitarian assistance from the local government, the Red Cross and local NGOs. Protection monitoring by various Protection Cluster actors is taking place to assess the ability for the IDPs to return. The provincial government has formed the Task Force Bangkaw led by the Philippine National Police to pursue the suspects and disarm the Magahat group. The AFP and some tribal leaders have expressed that conflict between IPs have caused the deteriorating security in communities and displacement.

AL-BARKA, BASILAN DISPLACEMENT DUE TO CLAN FEUD

Armed encounter between two factions of lawless armed groups displaced 60 families (estimated 300 persons) on 6 October from Baranganay Kuhon, Al-Barka municipality of Baslan province. Two civilians were killed after an hour of armed confrontation. Displaced families sought refuge with their relatives as there has been no government-established evacuation centers in the area. They returned to their places of origin after two days. However, according to NGO UNPHIL-Women, people remain at risk as skirmishes between the two factions remain likely. Protection monitoring is difficult as PC partners and local authorities often do not have access to the area because of the prevailing insecure situation.

SULTAN SA BARONGIS, MAGUINDANAO DISPLACEMENT DUE TO SHOOTING INCIDENTS BETWEEN FAMILIES

Around 150 families (estimated 750 persons) were displaced from Barangay Langgapanan of Sultan sa Barongis municipality as a result of a series of shooting incidents between two families who reportedly are affiliated with the Moro Islamic Liberation Front (118th and 106th Base Commands of the MILF). Control over land is said to be the cause of the conflict. Tension between the two families (as of this report), which prevents return of the displaced families who have been staying with their relatives in nearby barangays. Protection monitoring of this incident and the advocacy to support their safe return is ongoing.

MANAGA, BANSALAN DISPLACEMENT DUE TO AFP-NPA ARMED CONFLICT

A security alert was heightened in neighboring provinces after an armed encounter between the Armed Forces of the Philippines (AFP) and the New People’s Army (NPA) took place on 29 October in Barangay Managa of Bansalan municipality of Davao del Sur province. There were reports that the NPA rebels retreated to neighboring provinces after an hour of fighting. Around 24 families (estimated 120 persons) were displaced from Sitio Pluto to Sitio Bagasak of the mentioned barangay due to fear that they would be caught in the crossfire. Monitoring of the protection situation of these IDPs continues.

LA PAZ, AGUSAN DEL SUR DISPLACEMENT DUE TO NPA HARASSMENT

An attack allegedly perpetrated by members of the New People’s Army (NPA) prompted a large evacuation of the indigenous peoples (IPs) belonging to the Talaandig tribe from La Paz municipality of Agusan del Sur to Cabanglasan, Bukidnon. Around 17 families (estimated 86 persons) fled after the NPA attacked members of their village and killed the tribal leader. The displaced families fled along mountain trails avoiding main roads for fear of being attacked. The military coordinated with the local government unit of Cabanglasan to provide humanitarian assistance to the displaced families.

DISCLAIMER

The Monthly Mindanao Displacement Dashboard aims to provide a starting point for information and analysis that can help protection agencies, policy makers and other stakeholders (including instances of forced displacement or violations of human rights) understand the situation in Mindanao. This publication contains information contributed by the Protection Cluster, UNHCR, and other sources. The data was collected with the support of Protection Cluster members in Mindanao. The information provided in this Monthly Mindanao Displacement Dashboard does not necessarily reflect the views of UNHCR or any individual member of the Protection Cluster. LA PAZ, AGUSAN DEL SUR DISPLACEMENT DUE TO NPA HARASSMENT

An attack allegedly perpetrated by members of the New People’s Army (NPA) prompted a large evacuation of the indigenous peoples (IPs) belonging to the Talaandig tribe from La Paz municipality of Agusan del Sur to Cabanglasan, Bukidnon. Around 17 families (estimated 86 persons) fled after the NPA attacked members of their village and killed the tribal leader. The displaced families fled along mountain trails avoiding main roads for fear of being attacked. The military coordinated with the local government unit of Cabanglasan to provide humanitarian assistance to the displaced families.
The Guiding Principles on Internal Displacement note that “internally displaced persons are persons or groups of persons who have been forced or obliged to flee or to leave their homes or places of habitual residence, in particular as a result of or in order to avoid the effects of armed conflict, situations of generalized violence, violations of human rights or natural or human-made disasters, and who have not crossed an internationally recognized State border.”

**Durable Solutions** - UNHCR with Protection Cluster members continue to identify communities that are subjected to protracted displacement over the course of the year to ensure all IDPs are identified and the appropriate attention and resources can be obtained to support finding a durable solution to their displacement.

**Typhoon Pablo displacement** - A large number of IDPs remain displaced from Typhoon Pablo in December 2012 in Eastern Mindanao, Region IX who are still in need of a durable solution. Many of these families remain in temporary shelters where local authorities have been slowly obtaining access to land and constructing permanent housing for these IDPs. As of October 2015, there are still an estimated 76,379 IDPs in need of a durable solution in this region.

**Forced Returns from Sabah** - Filipino nationals continue to be forcibly returned from Sabah, Malaysia to the Island Region.
