IDP PROTECTION ASSESSMENT REPORT (IDP PAR)

Issue No. 02: Clan Feud in Pikit, North Cotabato

INCIDENT BACKGROUND

On 08 January 2016, there were an estimated 909 families (estimated 4,545 individuals) who were forcibly displaced from Barangays Talitay, Rajamuda, and Bulod, all in Pikit, North Cotabato and Barangays Kudal, Bagoenged and Inug-ug, all in Pagalungan, Maguindanao. The displacement was caused by a firefight between two Moro Islamic Liberation Front (MILF) groups: the group of Commander Bhutto Mantol against the group of Commanders Mukamad Andoy and Ricky Hussain.

Two civilians were reportedly killed and another two were injured, including minors.

CURRENT SITUATION

As of 30 March, most of the remaining 498 displaced families (estimated 2,490 persons) originated from Brgy. Rajahmuda and Brgy. Talitay remain displaced. During night-time, they sleep with their relatives’ house and return to their places of origin during daytime.

IDPs from Gli-gli, Inug-ug, Kudal, and Bulod have already returned.

It was also reported that there are 18 burned houses in Brgy. Rajahmuda. According to the LGU, they are still looking for the owners of the said properties.

There are also reports of strafing incidents in Brgy. Rajahmuda. No report of casualty.

Classes in Brgy. Talitay and Rajahmuda resumed. However, in Rajahmuda, classes are only conducted in the morning.

MILF Central Committee intervened by sending in investigator and Task Force Ittihad in the area. The result of the investigation has not been released yet.

Child Protection

A 15 year old boy was killed and a 12 year old girl was injured by stray bullets from warring parties. Reportedly, medical assistance was not provided to the family of the 12 year old girl who is currently undergoing medication.

Referral of the case to CTFMR.

Housing, land and property

Eighteen (18) houses were burned in the boundary of Talitay and Rajahmuda. There were also complaints from IDPs that their houses were looted.

Cases of burned houses and looting referred to LGU for appropriate action.

Follow-up actions taken on the referred cases of burned houses.

Further referral to CHR on the case of burning of houses.

Threat to life, safety and security

The safety and security of civilians remain volatile because the rido was not settled. Approximately 70% of the total number of displaced population are still mobile. They spend their night time with their relatives in nearby villages and go back to the camps at day time.

The Task Force Ittihad of the MILF is stationed in the communities and believed to have pacified the tension.

The IDP Protection Assessment Form aims to provide a starting point for information and analysis that can help humanitarian agencies, policy makers and other stakeholders concerning instances of forced displacement or solutions (repatriation, resettlement, integration). The number of people displaced/affected may differ from the number in need of humanitarian assistance. To the extent possible, the term used in the Dashboard reflects the UN Guiding Principles on Internal Displacement and other sources of international law and practice. The information reported in the IDP Protection Assessment Forms has received from members of the Protection Cluster across Mindanao. Consequently, unreported cases of forced displacement and solutions are not reflected. Updates will be provided as and when more information is received from members. Although efforts are made to verify the data, the Protection Cluster takes no responsibility for the incompleteness or inaccuracy of the information. At the end of every month, this data is compiled and distributed through the ‘Protection Dashboard’. The information provided in this IDP Assessment Report does not necessarily reflect the views of UNHCR or any individual member of the Protection Cluster.

The Protection Cluster

In the Philippines, the protection cluster has been established by the National Disaster Coordinating Council (NDCC) Circular No 5 series of 10 May 2007 (Institutionalizing Cluster Approach in Philippine Disaster System). The cluster approach is part of a global response aimed at providing more timely and consistent help to the internally displaced and other affected people in complex emergencies and disasters. The Protection Cluster in Mindanao meets in Cotabato, Iligan, Davao and other cities on a regular basis. Currently there are over 100 participating agencies including from the Government, State, Civil Society, national and international NGOs and agencies, as well as the United Nations.
