INCIDENT BACKGROUND
On 21 January 2019, some residents of Barangay Tamontaka 2, Cotabato City fled their homes, allegedly due to threats they had received in connection with the plebiscite on the Bangsamoro Organic Law.

CURRENT SITUATION
Approximately 192 persons (57 families) have sought refuge in Barangay Makir, in the adjoining municipality of Datu Odin Sinsuat, Maguindanao province. An unconfirmed number of families have also reportedly sought refuge in other towns.

PROTECTION ISSUES AND RESPONSE

<table>
<thead>
<tr>
<th>ISSUES</th>
<th>RESPONSES</th>
<th>WAYS FORWARD</th>
</tr>
</thead>
<tbody>
<tr>
<td>Threat to life, safety, and security</td>
<td>The alleged threats to the IDPs’ lives, safety, and freedom arising from their political opinion have caused heightened tension and fear of reprisals, leading to uncertainty about their security in the host area.</td>
<td>Protection partners would continue to monitor the situation and follow-up on the IDPs’ humanitarian concerns.</td>
</tr>
<tr>
<td>Access to food aid and nutrition</td>
<td>Various groups/institutions, such as ARMM-HEART, have assisted the IDPs by providing food supplies and some non-food items.</td>
<td>Follow-up protection monitoring would be conducted to identify any further needs.</td>
</tr>
<tr>
<td>Shelter/Non-Food Items</td>
<td>The host community and the Barangay local government unit have provided tarpaulins and mosquito nets to some of the IDPs.</td>
<td>UNHCR through ARMM-HEART will provide core relief items to the IDPs, consisting of sleeping mats, fleece blankets, kitchen sets, and plastic rolls for each of the 57 IDP families. This is to augment the support that has been provided from other sources.</td>
</tr>
<tr>
<td>Education</td>
<td>Education of the displaced children has been disrupted. They were not able to attend classes since they were displaced, particularly those studying in Usman Baonga Elementary School.</td>
<td>Particularly in case of prolonged displacement, advocate with the Department of Education/partners in the Education Cluster regarding possible solutions for the continuing education of the displaced children, including through alternative means.</td>
</tr>
<tr>
<td>Health</td>
<td>The Rural Health Unit of the municipality of Datu Odin Sinsuat has visited the displacement site to conduct health consultations and provide needed medicines to the IDPs.</td>
<td>Follow-up protection monitoring would be conducted to identify any further needs for possible referral to local health actors.</td>
</tr>
<tr>
<td>Water, Sanitation, and Hygiene</td>
<td>The host barangay allows the IDPs to use their water supply for sanitation needs.</td>
<td>Refer to other partners as needed, for possible provision of hygiene kits.</td>
</tr>

The IDP Protection Assessment Form (IDPPAR)
The IDP Protection Assessment Form aims to provide a starting point for information and analysis that can help humanitarian agencies, policy makers and other stakeholders concerning instances of forced displacement or solutions (repatriation, resettlement, integration). The number of people displaced/affected may differ from the number in need of humanitarian assistance. To the extent possible, the terminology used in the Dashboard reflects the UN Guiding Principles on Internal Displacement and other sources of international law and practice. The information reported in the IDP Protection Assessment Forms has been received from members of the Protection Cluster across Mindanao. Consequently, unreported cases of forced displacement and solutions are not reflected. Updates will be provided as and when more information is received from members.

Although efforts are made to verify the data, the Protection Cluster takes no responsibility for the incompleteness or inaccuracy of the information. At the end of every month, this data is compiled and distributed through the "Protection Dashboard". The information provided in this IDP Assessment Report does not necessarily reflect the views of UNHCR or any individual member of the Protection Cluster.

The Protection Cluster
In the Philippines, the protection cluster has been established by the National Disaster Coordinating Council (NDCC) Circular No 5 series of 10 May 2007 (Institutionalizing Cluster Approach in Philippine Disaster System). The cluster approach is part of a global response aimed at providing more timely and consistent help to the internally displaced and other affected people in complex emergencies and disasters. The Protection Cluster in Mindanao meets in Cotabato, Iligan, Davao and other cities on a regular basis. Currently there are over 100 participating agencies including from the Government, State, Civil Society, national and international NGOs and agencies, as well as the United Nations. For more information, please visit the Protection Cluster website [http://www.protectioncluster.org/philippines](http://www.protectioncluster.org/philippines) or e-mail us at PHICOPRC@unhcr.org
