FORCE DISPLACEMENT DUE TO ARMED CONFLICT IN MUNICIPALITY OF TIPO-TIPO, BASILAN PROVINCE

2 0 2

Issue No. 01

UNHCR exists to protect and assist everyone who has been affected by forced displacement in Mindanao. To coordinate assistance to IDPs, we use a cluster approach. UNHCR works closely with the government and Mindanao Humanitarian Team to identify needs of IDPs in areas of assistance, such as shelter, health care, shelter and protection. We assume a coordination and operational delivery role in IDP situations to ensure protection is central to our work in order to prevent further displacement.

Update No. 01 Date of assessment: 29 January 2021

INCIDENT BACKGROUND

On 29 January 2021, an armed encounter erupted between the joint elements of the security forces of the government and Moro Islamic Liberation Front (MILF) against unidentified armed men in Barangay Bohebaca, Tipo-Tipo, Municipality, Basilan Province, resulting to displacement of 43 families (approximately 215 individuals) who sought temporary refuge with their relatives. According to report, one was killed and another person was wounded as a result of the firefight.

CURRENT SITUATION

As of 1 February 2021, 14 families (approximately 70 individuals) have returned to Barangay Bohebaca, while the other families have opted to stay with their relatives due to fear of possible retaliation.

The Municipal Local Government Unit (MLGU) of Tipo-Tipo has provided relief packs to some displaced families through the Barangay Local Government Units (BLGUs) of host communities and currently, the Tipo-Tipo Municipal Office of the Ministry of Social Services and Development (MSSD) and i-PART monitors are continuously monitoring and validating the situation of the IDPs.

Meanwhile, a joint task force composed of the 114th Base Command of the Moro Islamic Liberation Front (MILF) and the security forces of the government were temporarily deployed in the affected communities to help stabilize peace and security.

IDP ASSESSMENT REPORT

The IDP Protection Assessment Form aims to provide a starting point for information and analysis that can help humanitarian agencies, policy makers and other stakeholders concerning instances of forced displacement or solutions (repatriation, resettlement, integration). The number of people displaced/affected may differ from the number in need of humanitarian assistance. To the extent possible, the terminology used in the Dashboard reflects the *UN Guiding Principles on Internal Displacement* and other sources of international law and practice. The information reported in the IDP Protection Assessment Forms has been received from members of the Protection Cluster across Mindanao. Consequently, unreported cases of forced displacement and solutions are not reflected. Updates will be provided as and when more information is received from members. Although efforts are made to verify the data, the Protection Cluster takes no responsibility for the incompleteness or inaccuracy of the information. At the end of every month, this data is compiled and distributed through the 'Protection Dashboard'. The information provided in this IDP Assessment Report does not necessarily reflect the views of UNHCR or any individual member of the Protection Cluster.

MINDANAO VIRTUAL PROTECTION COORDINATION PLATFORM (MVPCP)

In the present circumstances where no limited physical access to IDPs is possible, and humanitarian actors are adjusting response using alternative modalities to access people in need including relying on social media, phones and other online communication tools to maintain regular communication with protection monitors within IDP community, as well as host communities, Mindanao Virtual Protection Coordination Platform (MVPCP) will strengthen coordination among relevant actors with a protection role (from regional and provincial down to municipal and community level) in Mindanao

Under the leadership of Ministry of Social Services and Development (MSSD) and with full participation of key state agencies: DSWD, BARMM READI and IATF, members of MVPCP will work closely to ensure that COVID-19 related prevention and response initiatives at the national level include IDPs, while at the same time closely monitoring their application to ensure that IDPs have access to basic services. Members of the MVPCP will work closely to ensure timely prevention of and response to protection issues in Mindanao including BARMM region and facilitate timely information-sharing with the IDP community on health measures in response to COVID-19.

WORKING IN PARTNERSHIP

UNHCR works in partnership with government entities, INGOs, NGOs, CSOs, and UN Agencies, and other organizations. Its primary role is to share information on protection risks and needs and to facilitate coordinated intervention among the various actors involved in IDP protection. UNHCR has project partnership with CFSI, CHR, ACCORD, MMI, KI, TKI, ACTED and IRDT covering Mindanao island including BARMM region. In addition to it's project partnership, UNHCR works closely with local authorities and Mindanao Humanitarian Actors including: UNICEF I IOM I OCHA I UNDP I UNFPA I UNHABITAT I WFP I WHO I OXFAM I ACTION AGAINST HUNGER I CARE I UNWOMEN I ICRC I SAVE THE CHILDREN I KFPDI I PRC
